### Is Disease a Crime?

Not very long ago, a popular magazine published an editorial article in which the writer asserted, in substance, that all disease should be regarded as criminal. Certain it is, that much of the sickness and suffering of mankind is due to the violation of certain of Nature's laws. But to say that all sickness should be regarded as criminal, must appeal to every reasonable individual as radically wrong.

granded as criminal, must appeal to every reasonable individual as radically wrong.

It would be harsh, unsympathetic, cruel, yes criminal, to condemn the poor, weak, over-worked housewife who stake under the heavy load of household cares and burdens, and suffers from weakenesses, various displacements of pelvic organs and other derangements of pelvic organs and other derangements peculiar to her sex.

Frequent bearing of children, with its execting demands upon the system, coupled with the care, worry and labor of rearing a large femily, is often the cause of weaknesses, deranguments and dealility which are asympasted by the many household cares, and the hard, and nawer-ending work which the mother is called upon to perform. Dr. Pierce, the maker of that world-famed remady for woman's paculiar weaknesses and like-Dr. Pierce's Favorite Prescripton—says that once of the greatest obstacles to the cure of the dealed housewife can not get the needed rest from her many household cares and about to enable her to secure from the case of his Prescription in first full benefits. It is a matter of frequent experience, he says, in his extensive practice in these cases, to meet with those in which his treatment fails by reason of the patient's from prolapsus, anteversion and retroversion of the uterus or other displacement of the womanly organs, it is wary necessary that, in addition to taking his "Evorite Prescription" will do the rest.

Dr. Pierce's Evorite Prescription the care of any kind should also be avoided. As much out-door are as possible, with moderate, light exercise is also very important. Let the patient observe these rules and the "Evorite Prescription will do the rest.

### TILLMAN WARNS CHICAGO.

Senator Benjamin F. Tillman, of South Caroline, discussed the Chicago aspect of the race question in that city yesterday before taking the train for Fond du Lac, Wis., where he lectured last night. He paid his fina' respects to Mayor Dunne, whom he enticized in his Orchestra Hall address Toesday night for declining to preside; denonated Governor Deneen as a trafficker in negr votes, and predicted a dark future for Chicago, saying that the Barnett inci-dent in the recent election proved that city had lost all semblance of self-gov-

"I made a great bit Tuesday night when I blistered Mayor Dunne," said. the Senator.

"The crowd got up and yelled. It seemed to agree with my sentiments as applied to your Mayo.

The nomination of the negro Barnett for a judgeship is a fair illustration of the indifference of unscrupulous politicians toward the welfare of the country,' continued Senator Tillman. "As long as Governor Densen and other unserupplous men of his political faith put up such nominees for office the country is in danger. It's up to the people to put a stop to this. Why do they stand for it?

"I have been accused of coming here to stir up race hatred, but I came for no such purpose. I came to depict a additions as they are. Northern people should investigate the race question, which will become one of their imminent perils, I predict that within five years Chicago will have bloody riot arising from clashes between the whites and the blacks. The same will take place in all o her northern cities where the negro is pand-

A remarkable feature of the situation is the fact that the threats were written on the stationery of Rev. Dr. W. E. Tilroe, presiding elder of the Chicago district of the Methodist Episcopal

It is believed that someone about the Methodist Book Concern building, where | 80. Dr. Tilroe has his office on the second floor, gained access to the stationery. The federal investigation was begun there.

The mees ge contained threats of death, destruction and incendiarism; was written in ink, in a religious strain, and was signed "Grace and Mary Owens."

Dr. Tilroe was at a loss to understand who could have gained access to his stationery. He declared that the stationery used was part of a lot discarded last

Apparently to emphasize his disap-proval of the course of Mayor Dunne in the Tillman affair, Mayor Sherburn Becker, of Milwaukee, who went to Chicago yesterday to confer with Mayor Dunne over certain municipal-ownership matters EVERYWHERE husted up Senator Tillman and made him his guest at breakfast. While not concurring in full with Senator Tillman's views on the race question, Mayor Becker expressed the highest admiration for the uthern senator.

Mayor Dunue said yesterday regarding the Tillman criticisms: "The Senstor is laboring under a misapprehension if he is quoted correctly. He refers to me as a creature of the moment. I have been before the public four times in the last 13
